## PDF Technologies, Inc.

PDF Technologies, founded in 2013, is an internationally-operated software service company with offices in Singapore, Taiwan, and Changsha. PDF Technologies, which started as PDF document processing, have been dedicated to delivering productivity software and service for global users.

To help individuals, businesses, and organizations move from paper documents to digital offices, our solutions include PDF Tools, SDK Licensing, SaaS Deployment, and Intelligent Document Processing. The main products, PDF Reader Pro, ComPDFKit, and Document AI are beloved by 90 million users around the world.

With years of experience, our team closely follows the development and market trends and consistently brings our users the most advanced features. We try to provide the best service and tech support to satisfy customers' development needs.

# PDF Reader Pro Award

## High Performer on G2

PDF Reader Pro is consistently rated the High Performer on G2 based on 80 million users on G2 for reference may be more helpful in understanding our software.

## Approval from Other Platforms

We have also been awarded by GetAPP as Category Leaders, been recognized by Capterra as Emerging Favorites, and more.

# Standout Advantages

## All-in-one PDF Office

Edit, convert, annotate, create forms, OCR, manage, password, redact documents and more! The best Adobe® Acrobat® alternative.

## High Operation Speed Enhances Productivity

Open a large document containing thousands of pages in just 2 seconds, which enables quicker access to important information.

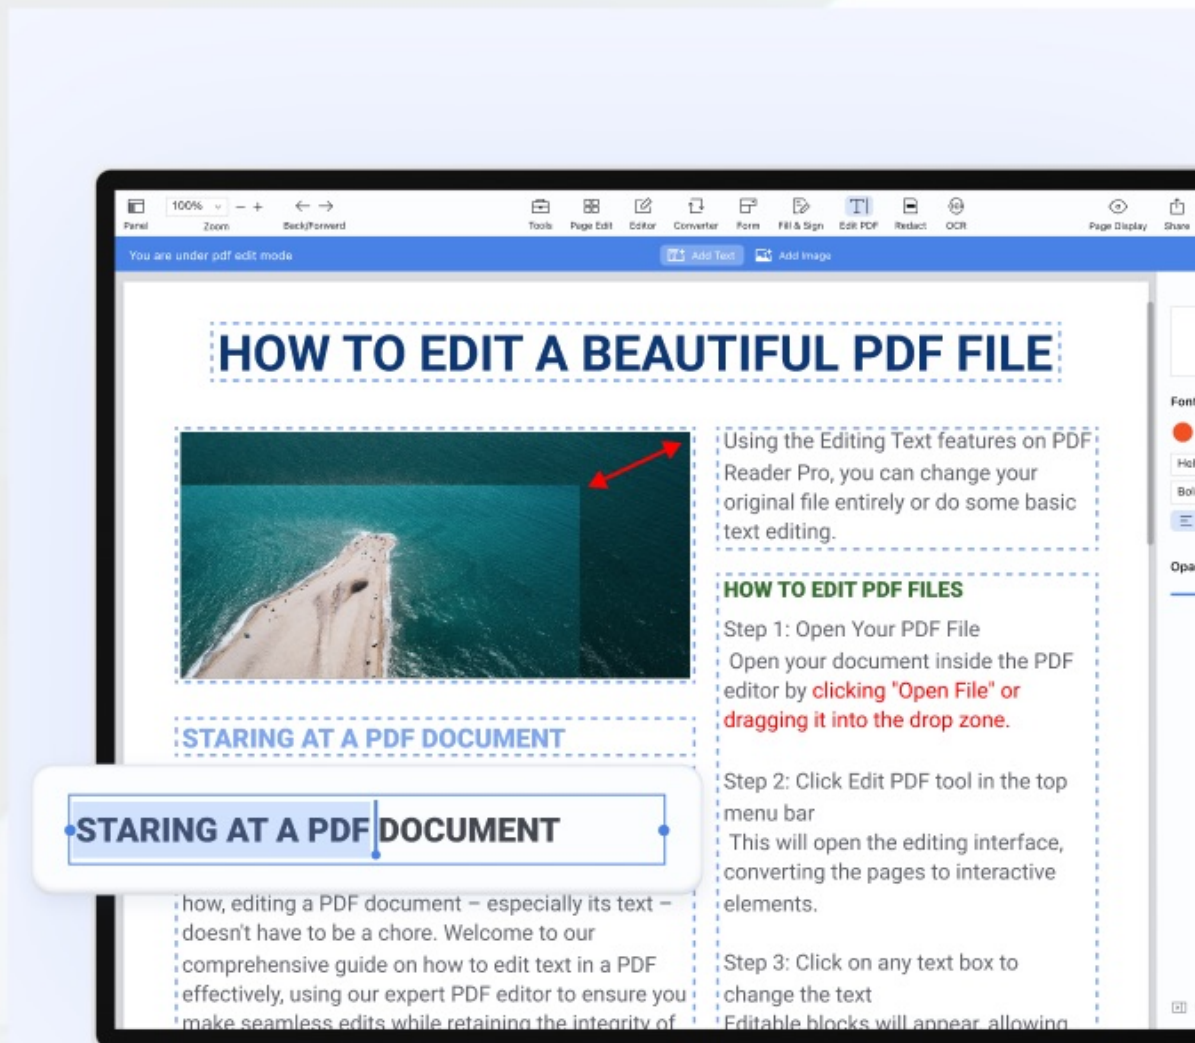

## Free Update

You can update PDF Reader Pro to the latest version to use the latest features totally free.

## 24/7 Support and Service

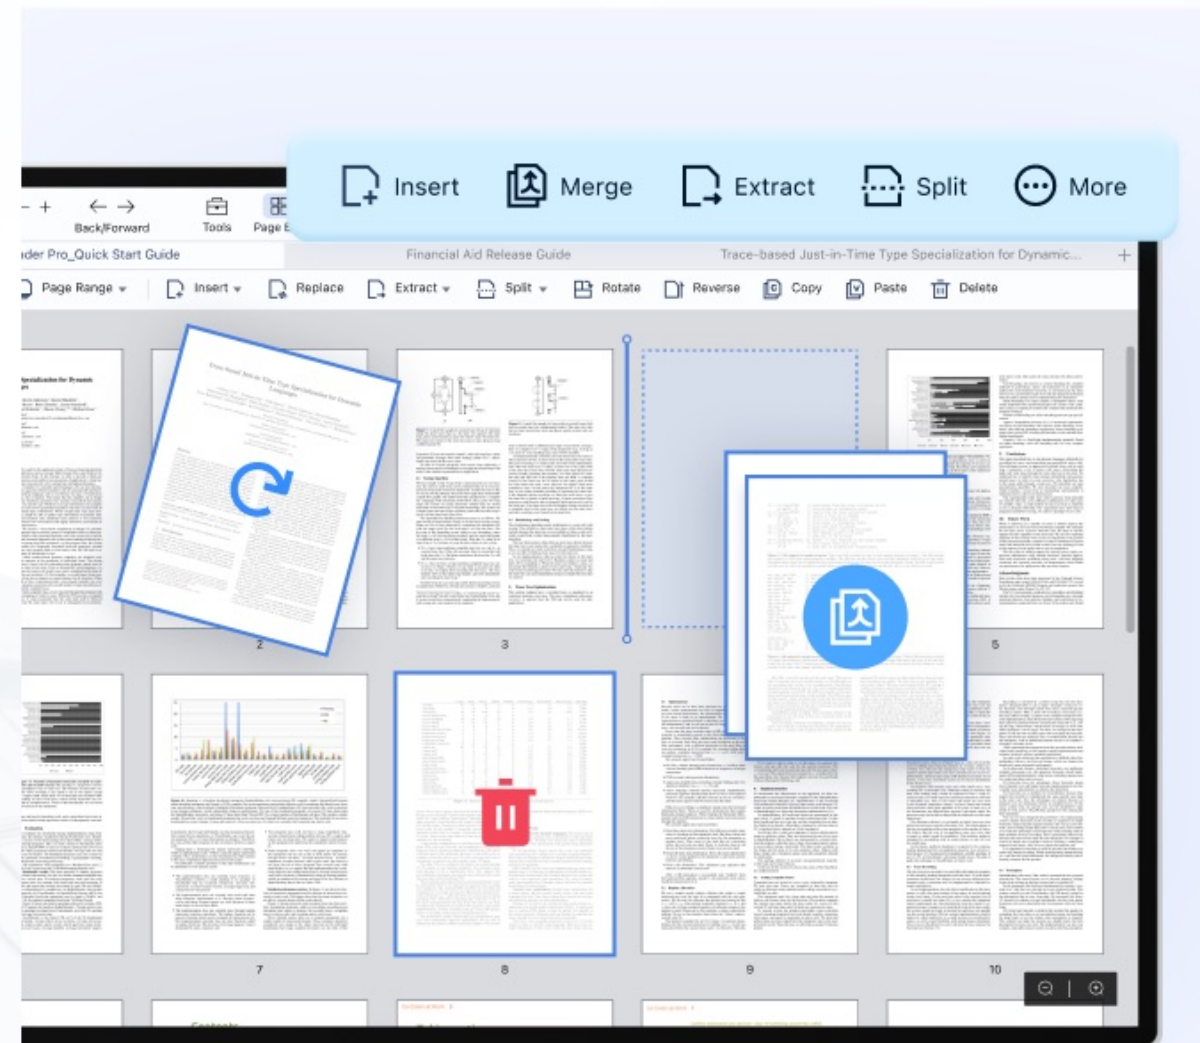

Get high-quality service and technical support to find all solutions to the most common issues. Our product brochure, tutorial guides and FAQs enable you a short learning curve.

# Core Features

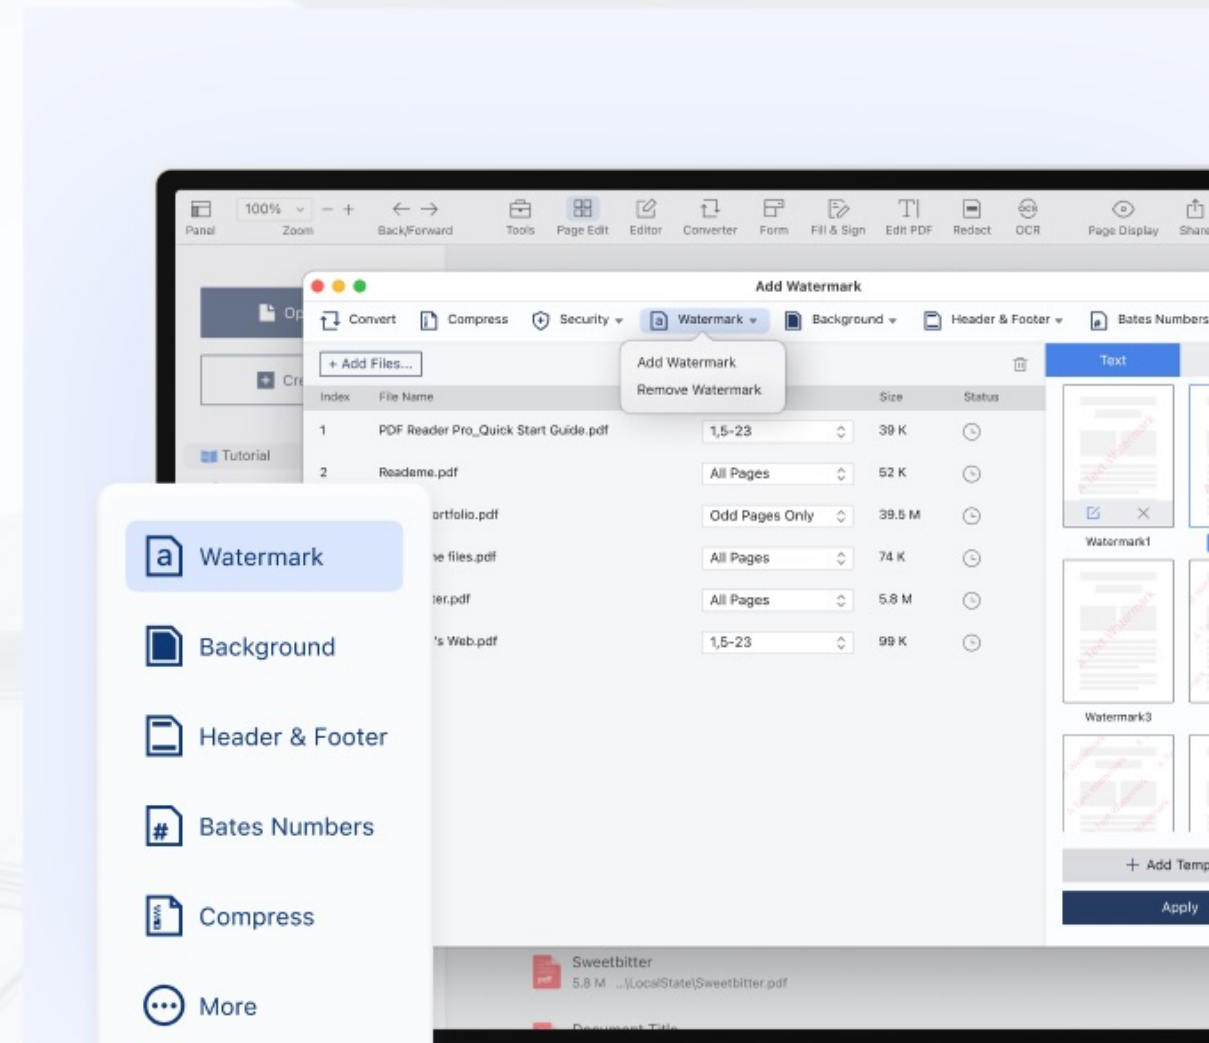

## Edit Text and Image

The easiest PDF editor to modify the original text and images in a PDF like Word, including add/edit/delete text, rotate/replace/resize/crop images, etc.

## Organize Pages

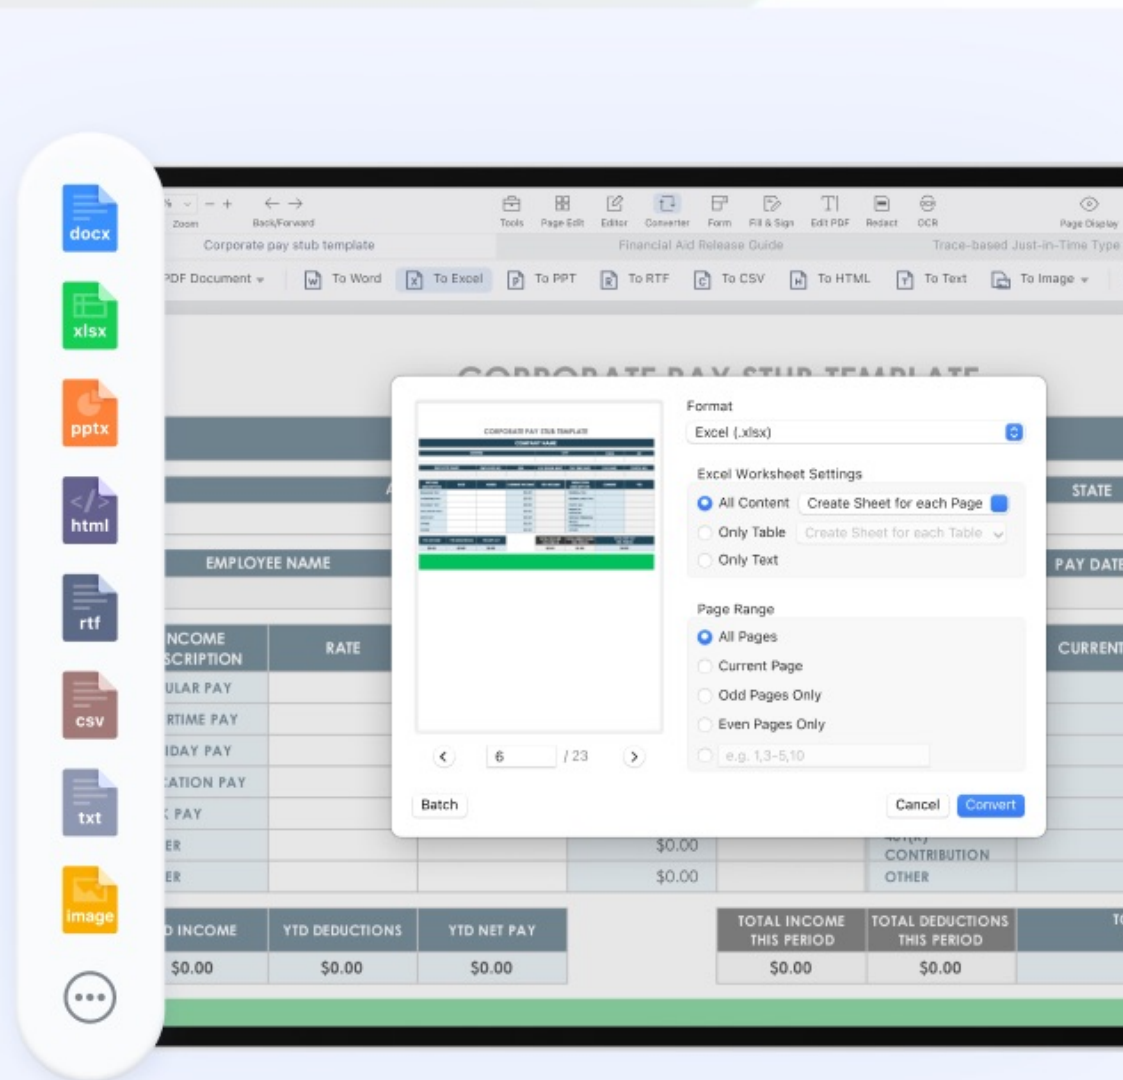

Organize and rearrange the pages of your document easily, and as often as you need, merge, split, rotate, crop or delete pages for better management.

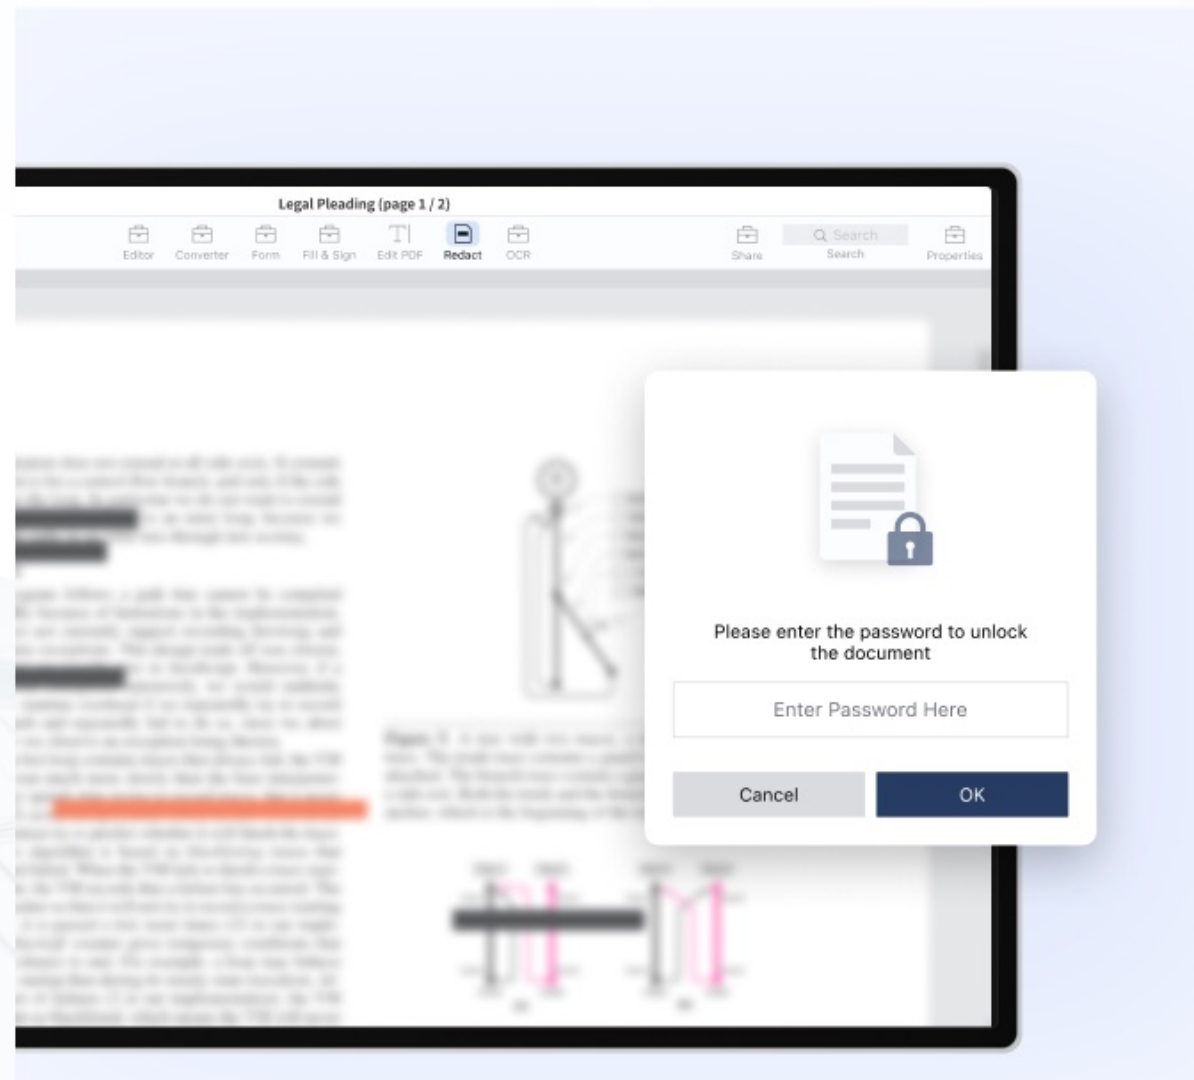

## Batch Process

A batch PDF converter & compressor & encryptor to help you save time and increase efficiency. Batch adding watermarks, headers and footers works.

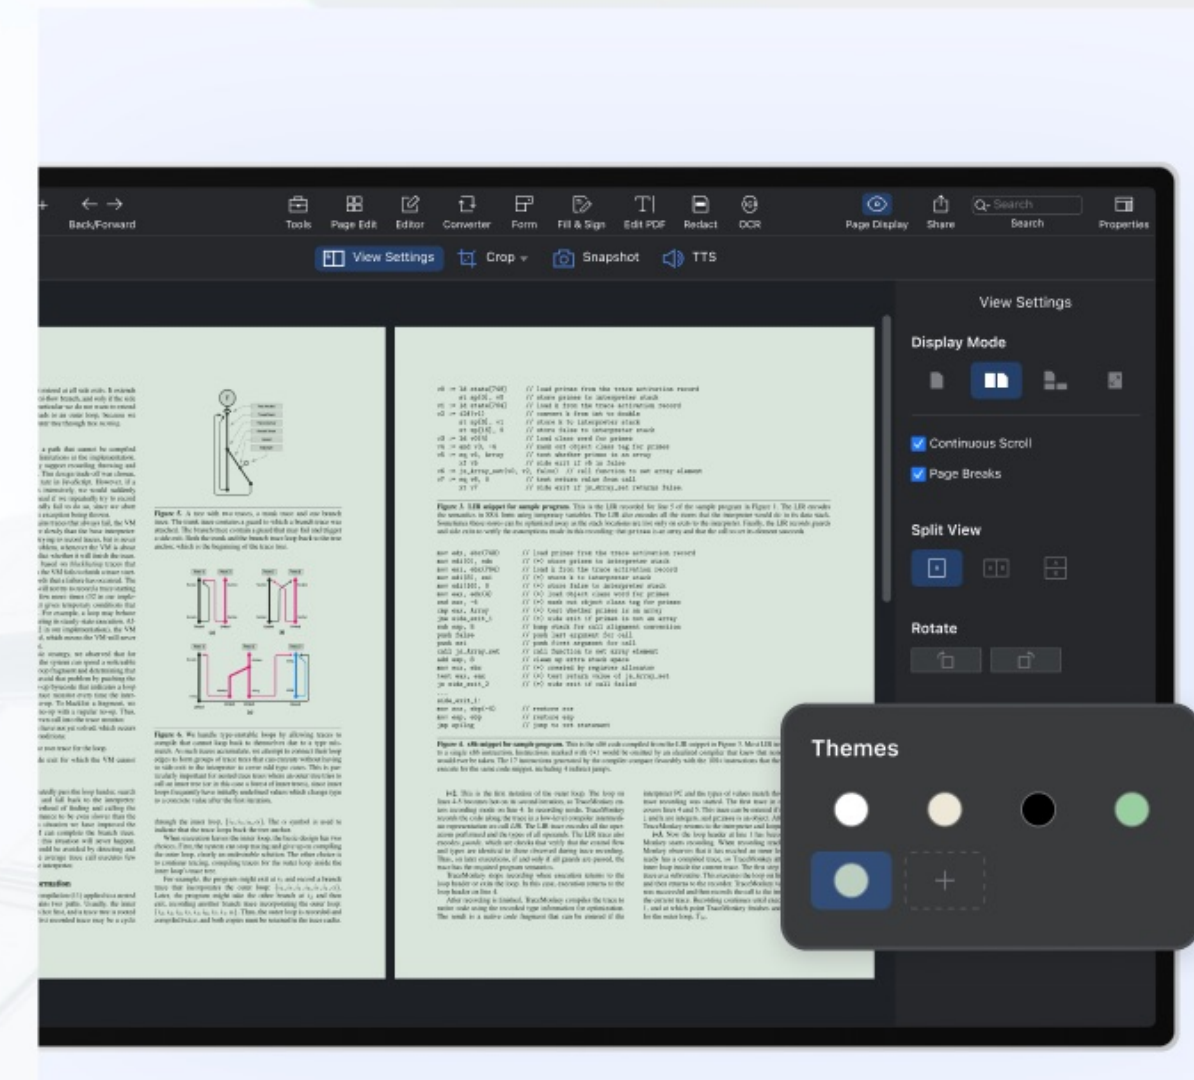

# Core Features

**Convert**  
Speed workflow by making it easy to convert high-quality PDF files to Microsoft Word, Excel, PowerPoint, Text, RTF, CSV, HTML, and image files in a few clicks.

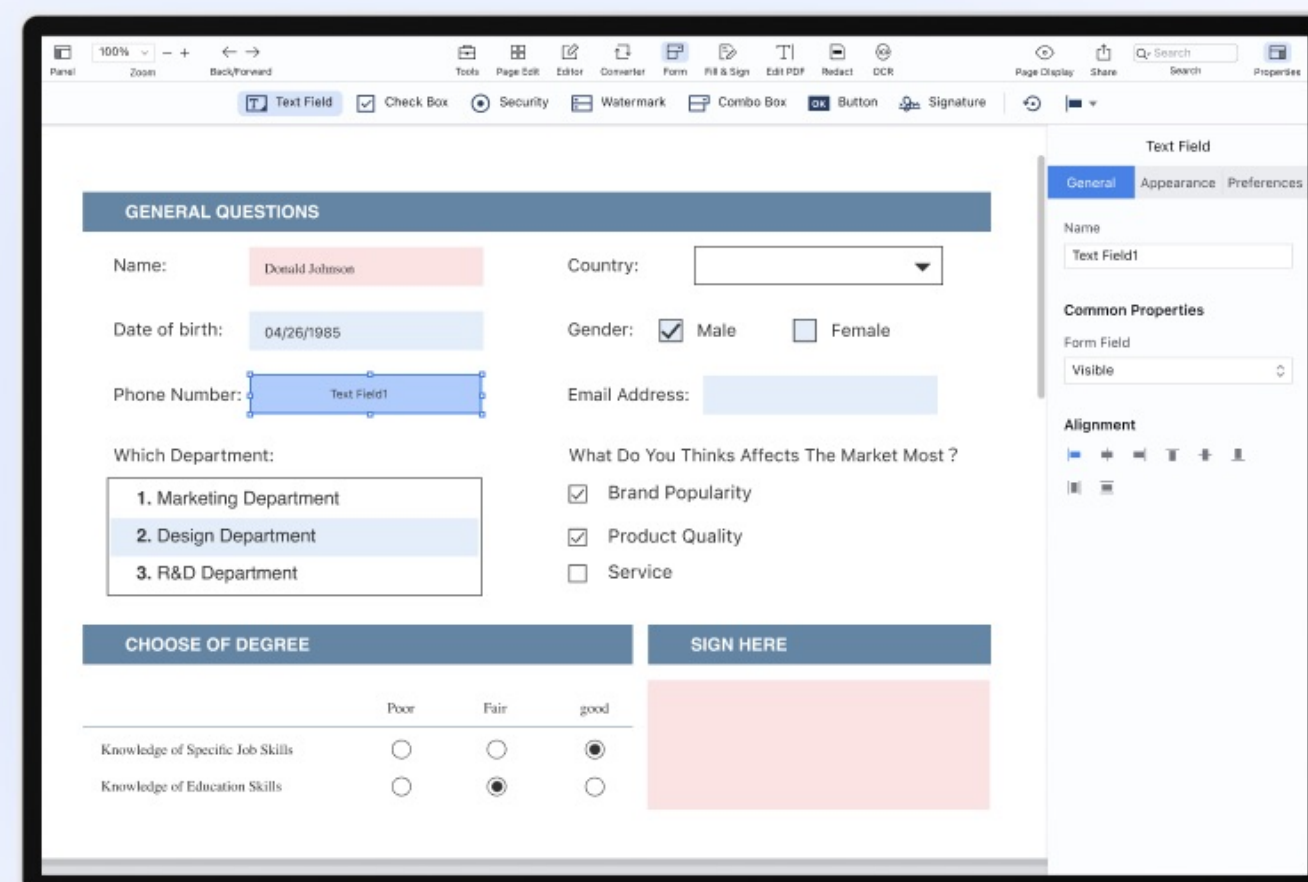

**Encrypt**  
Encrypt and protect PDFs with a password to safeguard sensitive information and add a watermark to multiple documents at once to avoid plagiarism.

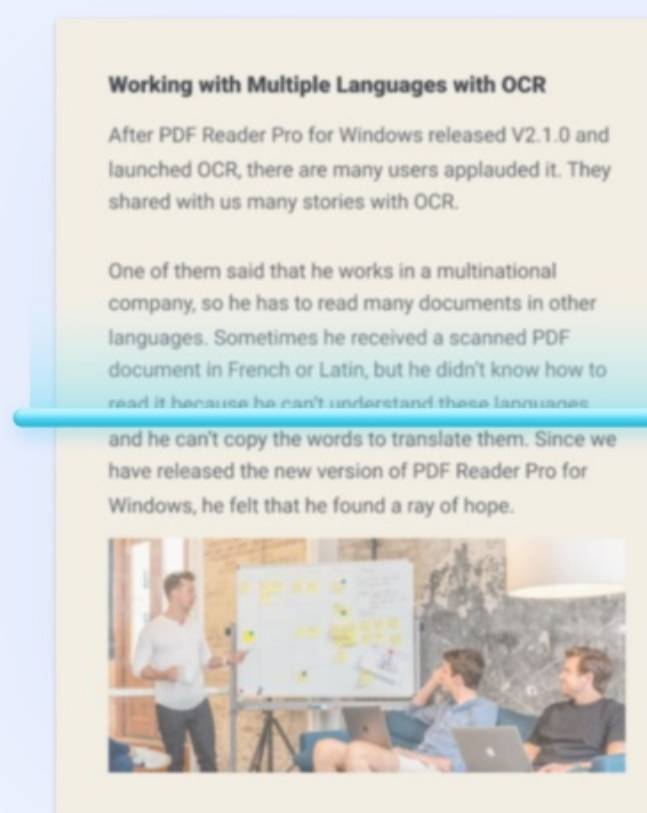

**Read & Comment**  
Check information and compare contracts side by side. Annotate and mark up PDFs with comprehensive tools, which help review points in documents.

# Core Features

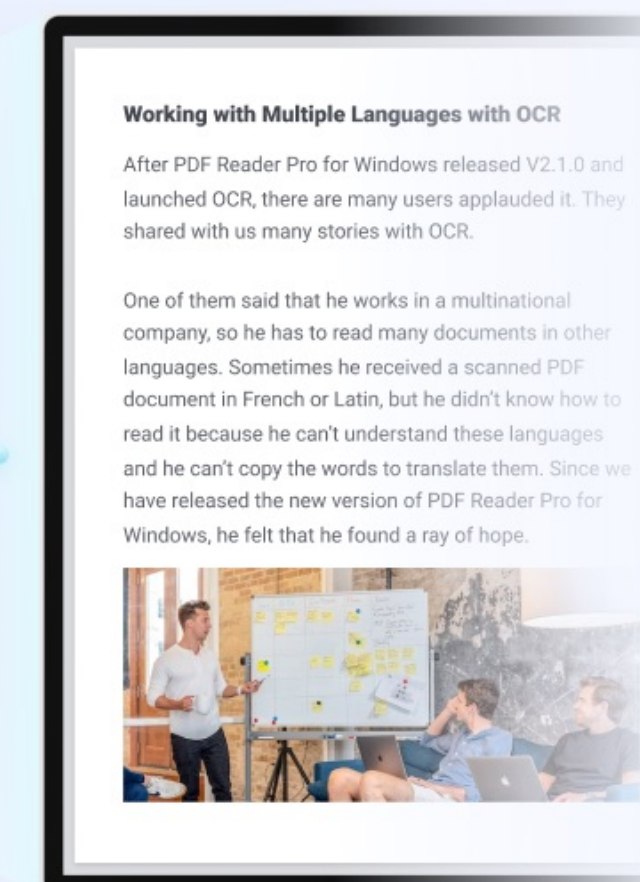

## Form

Create fillable forms for your clients to stay productive with Text Fields, buttons, radio buttons, combo boxes, check boxes, and list boxes.

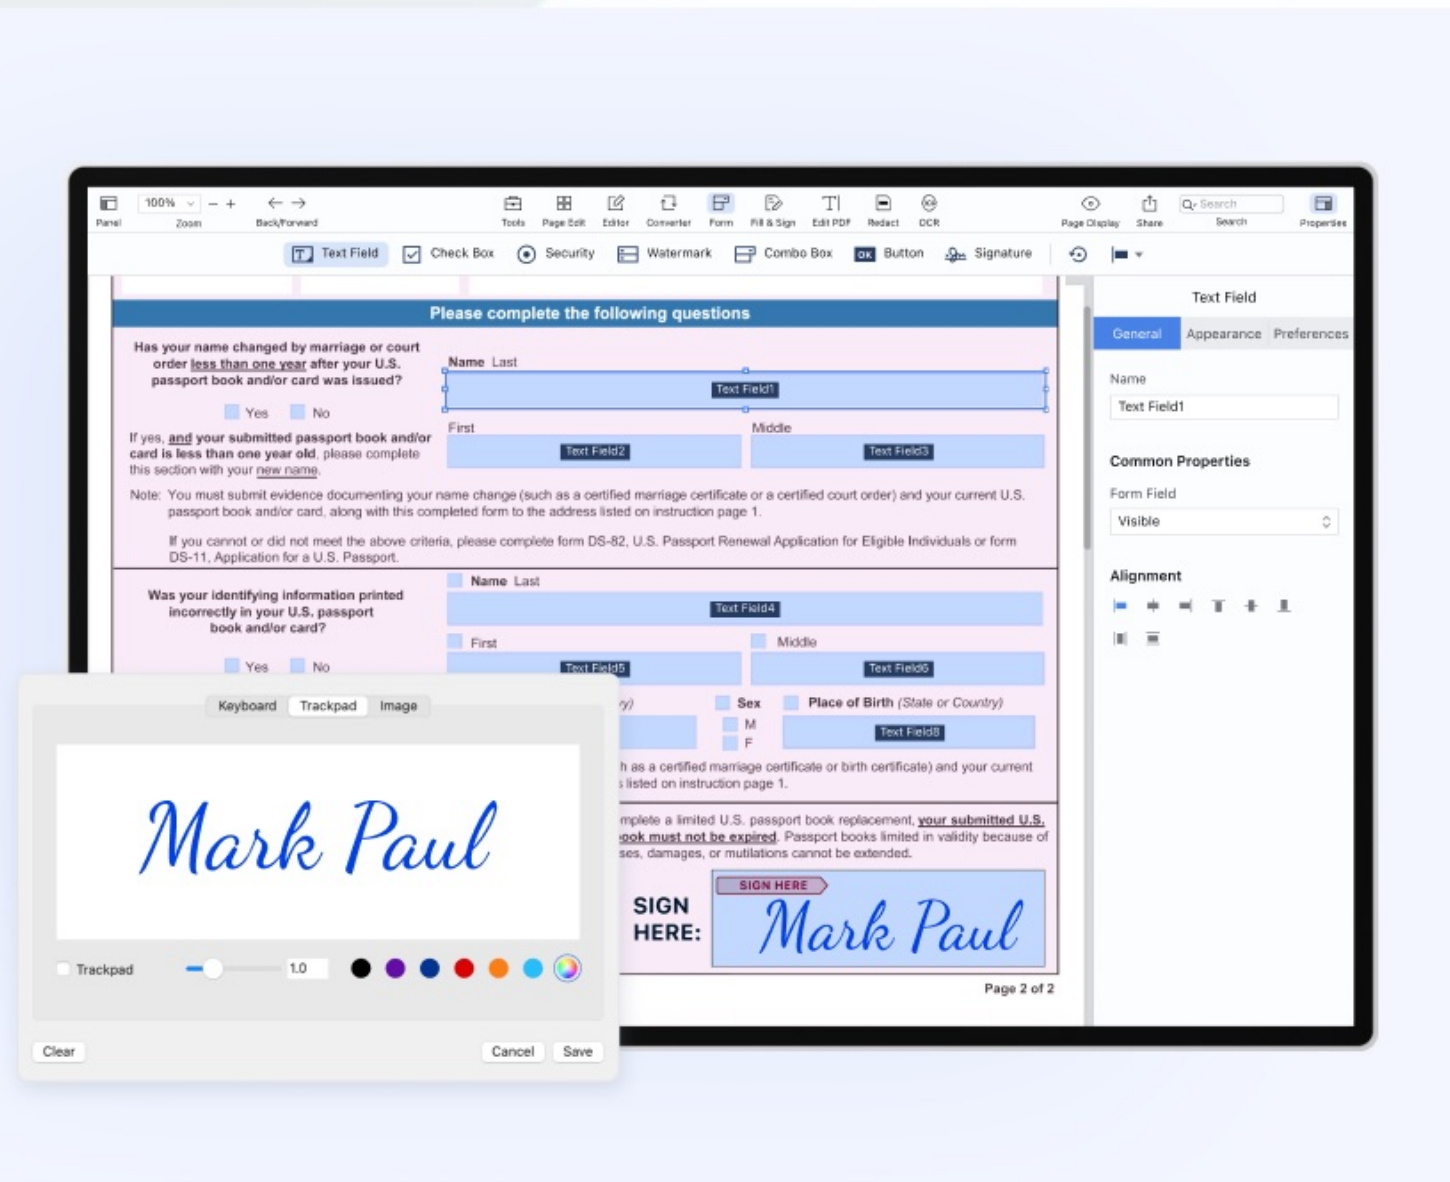

## OCR

Extract text and convert scanned documents into editable, searchable PDF files instantly. Make manual data entry a thing of the past.

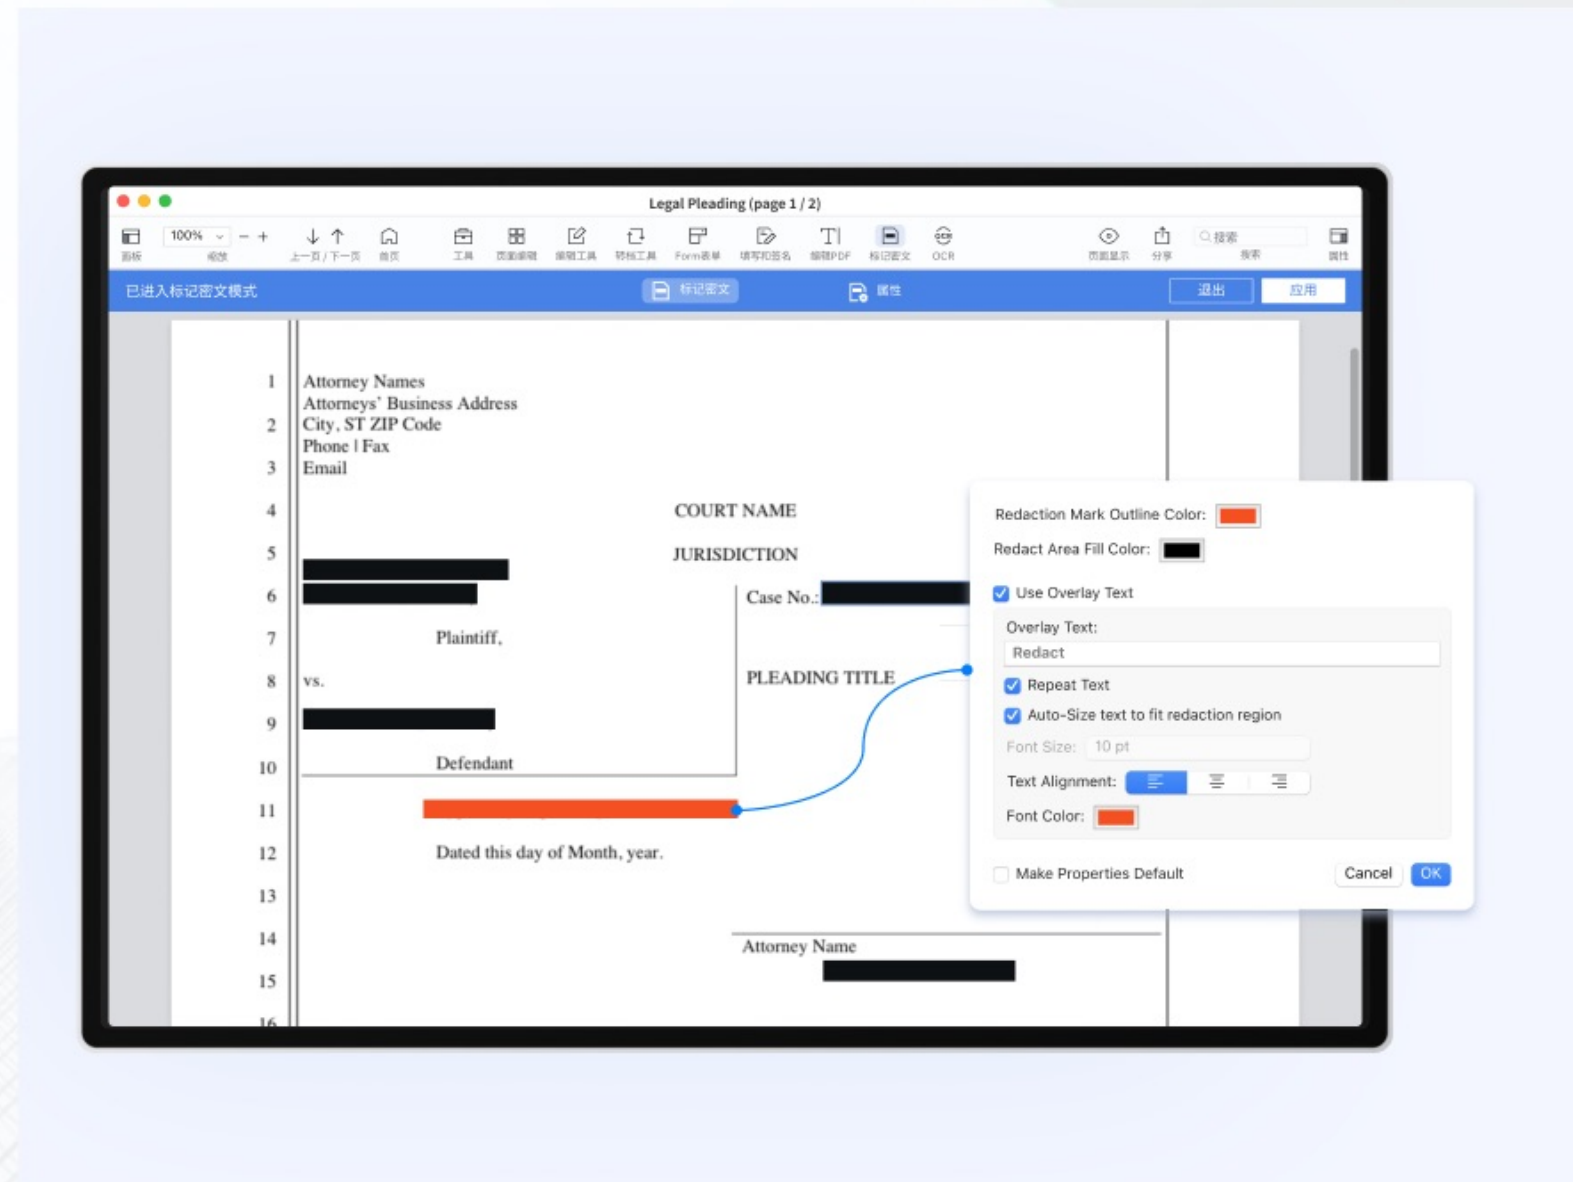

# Core Features

**Fill & Sign**

Fill out the interactive PDF forms created in Adobe Acrobat and sign documents from anywhere, accelerating your business process.

**Redact**

The redaction tool allows you to remove confidential text and images by blanking out them with a black box that cannot be removed, preventing the leakage of business data.
